

An outstanding investment—the GoBagger™ is flood fighting insurance that makes you money—paying you back about 30 times the purchase price!

**NOW ONE MAN CAN DO 5X THE WORK**

2 people + 1 shovel @ \$12/hr. ea.  
\$24./hr. ÷ 90 bags/hr.

= 1.5 bags/min.\*  
= 27¢/bag to fill ea.

2 people + 2 GoBagger @ \$12/hr. ea.  
\$24./hr. ÷ 480 bags/hr.

= 8 bags/min.\*\*  
= 5¢/bag to fill ea.

## ARE YOU READY?

### ADDITIONAL BENEFITS:

- Faster, greater and safer production for saving injuries, property, even lives. The simplest, most effective bag filler on the market!
- Instant mobility and response—no set-up time or down time
- More personnel available to place sandbags in flood fighting operations.
- Takes advantage of odd numbers (shoveling requires pairing up).
- Versatile to **any** size or type of bag, any kind of fill, wet or dry.
- Patents pending, made in the USA.

\* Industry Standard is 1 1/2 to 2 bags per minute for 2 people on sustained jobs, bagging for long periods of time.  
\*\* Average crews can typically sustain 4 to 5 bags per minute per person for long periods of time. Burst speeds of 8 bags per minute per person are common. Variations are due to individual conditioning and training in technique and varying environmental conditions.

**How the GoBagger™ pays 2,900% return:**

**Savings: \$.27-.05 = \$.22 per bag**

### EQUIPMENT COST DIFFERENCE:

**GoBagger cost vs. shovels:**  
average cost of shovel = \$20. ea.  
average cost of GoBagger = \$75. ea.  
\$150. - \$20. = \$130. ÷ .22 = 591 bags  
600 bags = 480 x 1.25 hr)

**After 1st hr. + the GoBagger has paid for itself!**

### OVER TYPICAL USAGE OF PRODUCT:

10,000 bags filled per unit x .22 savings/bag (depending on conditions, the GoBagger can last much longer).

**= \$2,200 in savings vs. shoveling or more than 29x its cost.**
